

Part Names and Functions

Note:
The label is attached to the top or side of the product. Under special conditions permitted by regulations, the label is attached to the bottom of the product or under the cover.

Front

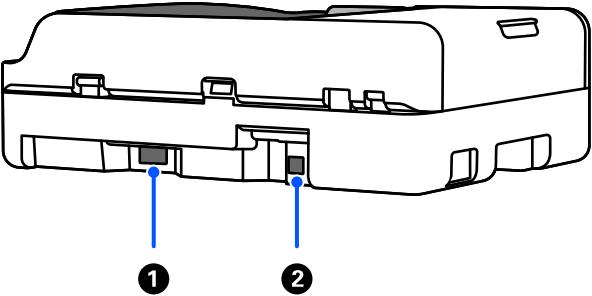

1	Edge guides	Use guides to support the original in the input tray to facilitate smooth feeding. Slide to the edges of the originals.
2	ADF cover	Open it when cleaning the ADF or removing jammed paper.
3	ADF (Automatic Document Feeder)	Feeds loaded originals automatically.
4	Control panel	Displays the scanner's status and performs scanner operations.
5	Input tray	Loads originals.
6	Output tray	Holds originals ejected from the scanner.
7	Stopper	Prevents ejected originals from falling from the output tray.

1	Document cover	Blocks external light while scanning.
2	Scanner glass	Place originals that you cannot feed using the ADF.

Side / Rear

1	AC inlet	Connect the power cord.
2	USB port	Connect a USB cable.
